STARSHINE!
SOCIAL NARRATIVE

Starshine! is an adventure all about the stars.

My *Starshine!* adventure will take place both outside and inside of this van.

The adventure lasts about 30 minutes. This is a map of what happens during the journey.

I can ask to take a break any time if I feel overwhelmed.

On our journey, I will be a Starkeeper in Training called the Recruit.

I can bring 1 or 2 special people with me as Passengers!

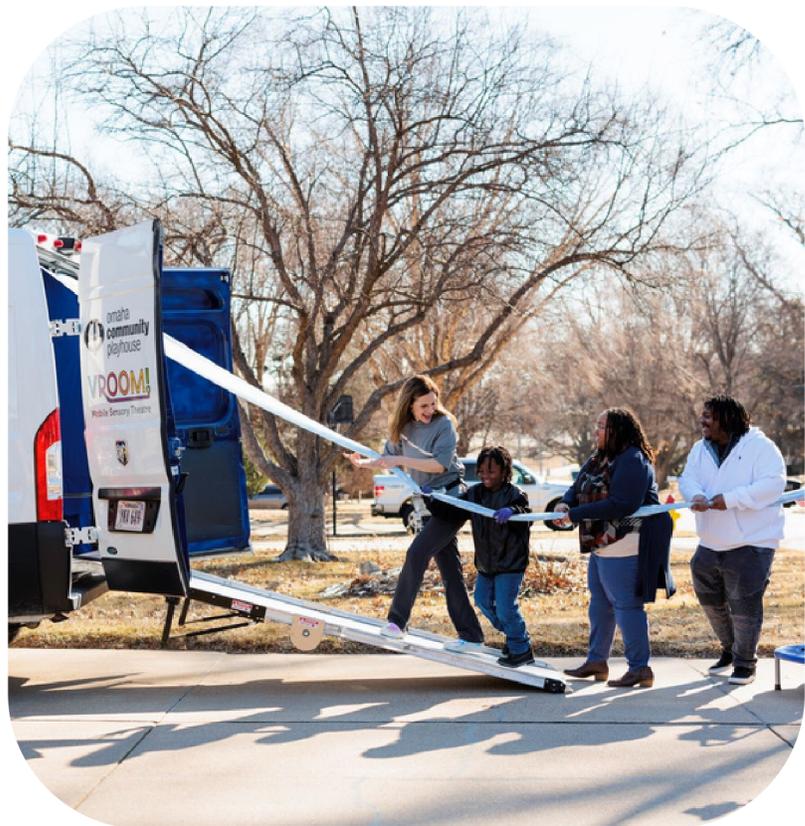

I will meet 2
Starkeepers to
guide me on
my journey.

I will use the
ramp to get
inside of the
van with the
Starkeeper
and my
Passengers.

Inside, I can sit and relax while we explore the wonders of the galaxy.

The Starkeeper and my Passengers will sit on glowing cubes.

The Starkeeper will offer me things to see,
touch, hear, smell, and even taste.

I can say **yes** or **no** to the Starkeeper. It is okay
to experience the journey however I wish!

At the end, the Starkeepers will say goodbye and pack up their things.

I will bring home a special keepsake from our trip to the stars.

I can wave goodbye as the Starkeepers drive away!
